

Important Notice for e-Visa Applicants

Only those who wish to visit Japan for **Tourism** purposes have the option to apply online for a single entry e-Visa.

- Please note that it would take longer time for the Embassy to issue an e-Visa than to issue a visa which is applied for in person at the Embassy.
- Those who are potentially required to submit additional documents (e.g. families, students, business owners, Abu Dhabi residents with Dubai visa, etc.) are advised to apply in person at the Embassy.

For e-visa requirements, please check on [e-visa requirements](#).

You can start your application at <https://www.evisa.mofa.go.jp/index>.
